

Spring 2024

Digital Navigator Program

Goal of Program

You are being asked to be a participant in a voluntary research study about broadband equity. The purpose of this study is to understand the broadband internet options and needs you have for your professional and personal life.

Program benefits!

1. All participants will receive a brand Dell Inspiron 15 new laptop and can keep the device upon completion of the program.
2. Direct one on one support with technology needs and other support
